

Sravanthi Potharaju

Frontend Developer

☎ 6305382581 | ✉ psravanthi149@gmail.com

Professional Summary:

Frontend Developer skilled in ReactJS, JavaScript, and SQL, with a strong focus on building clean, interactive, and responsive web applications. Experienced in dashboard development, API integration, and performance optimization. Passionate about crafting scalable UI components, improving user experience, and writing maintainable code.

Technical Skills

Frontend: ReactJS, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Qlik

Backend & Database: SQL, MS SQL Server, ASP.NET

Tools: Git, Visual Studio Code, Chrome DevTools

OS: Windows, Linux/Unix

Professional Experience

Software Engineer – Tata Consultancy Services (TCS), Hyderabad (January 2021 –Present)

CXO Cockpitview Dashboard | JavaScript, HTML, CSS, Qlik

- Developed a responsive, single-page dashboard using JavaScript and Qlik to visualize real-time KPIs, charts, and tables.
- Implemented dynamic filtering and cross-device compatibility for seamless finance reporting.
- Developed a real-time, single-page dashboard to visualize finance KPIs using Qlik and JavaScript.
- Enhanced data accessibility and reporting speed through dynamic filters and responsive UI.

Financial Outlook Management | ASP.NET, SQL Server, JavaScript

- Built a secure, role-based reporting web application using ASP.NET and SQL Server to streamline financial operations.
- Automated report generation and optimized SQL queries to improve performance and reduce manual efforts.

Personal Projects

Movie Dashboard | ReactJS, TailwindCSS, TMDB API

- Built a visually engaging movie dashboard that displays trending, upcoming, and top-rated films using data fetched from the TMDB API.
- Integrated search and filter functionality. Designed fully responsive UI using TailwindCSS and practiced reusable component design.

Personal Portfolio Website | ReactJS, TailwindCSS, HTML, JavaScript

- Created a professional portfolio to showcase personal and professional work.
- Used component-based structure and TailwindCSS for a responsive, mobile-friendly layout.
